

HOME CARE - 5 KEY ISSUES

HHR

- Recruitment.
- Retention.
- Training.
- Gaps in the Care Aide Registry.

ACUITY

- Seniors staying home longer: higher levels of dementia; greater physical needs.
- Greater diversity of needs.
- Continuity of care.

VISIT TIMES

- 15-30 minute visit times for publicly subsidised care.
- Short times result in task based care.
- Continuity.

FUNDING

- Funding gaps for publicly subsidised providers.
- Low wage compensation attributes to HHR issues.

QUALITY ASSURANCE & LEGISLATION

- Inconsistent standards and oversight.
- Opportunities for quality assurance model.
- Flawed Live-in Care standard.
