

# The Future's so Bright, the Intersection of technology and aging

**It's Never 2 Late**   
dignity through technology

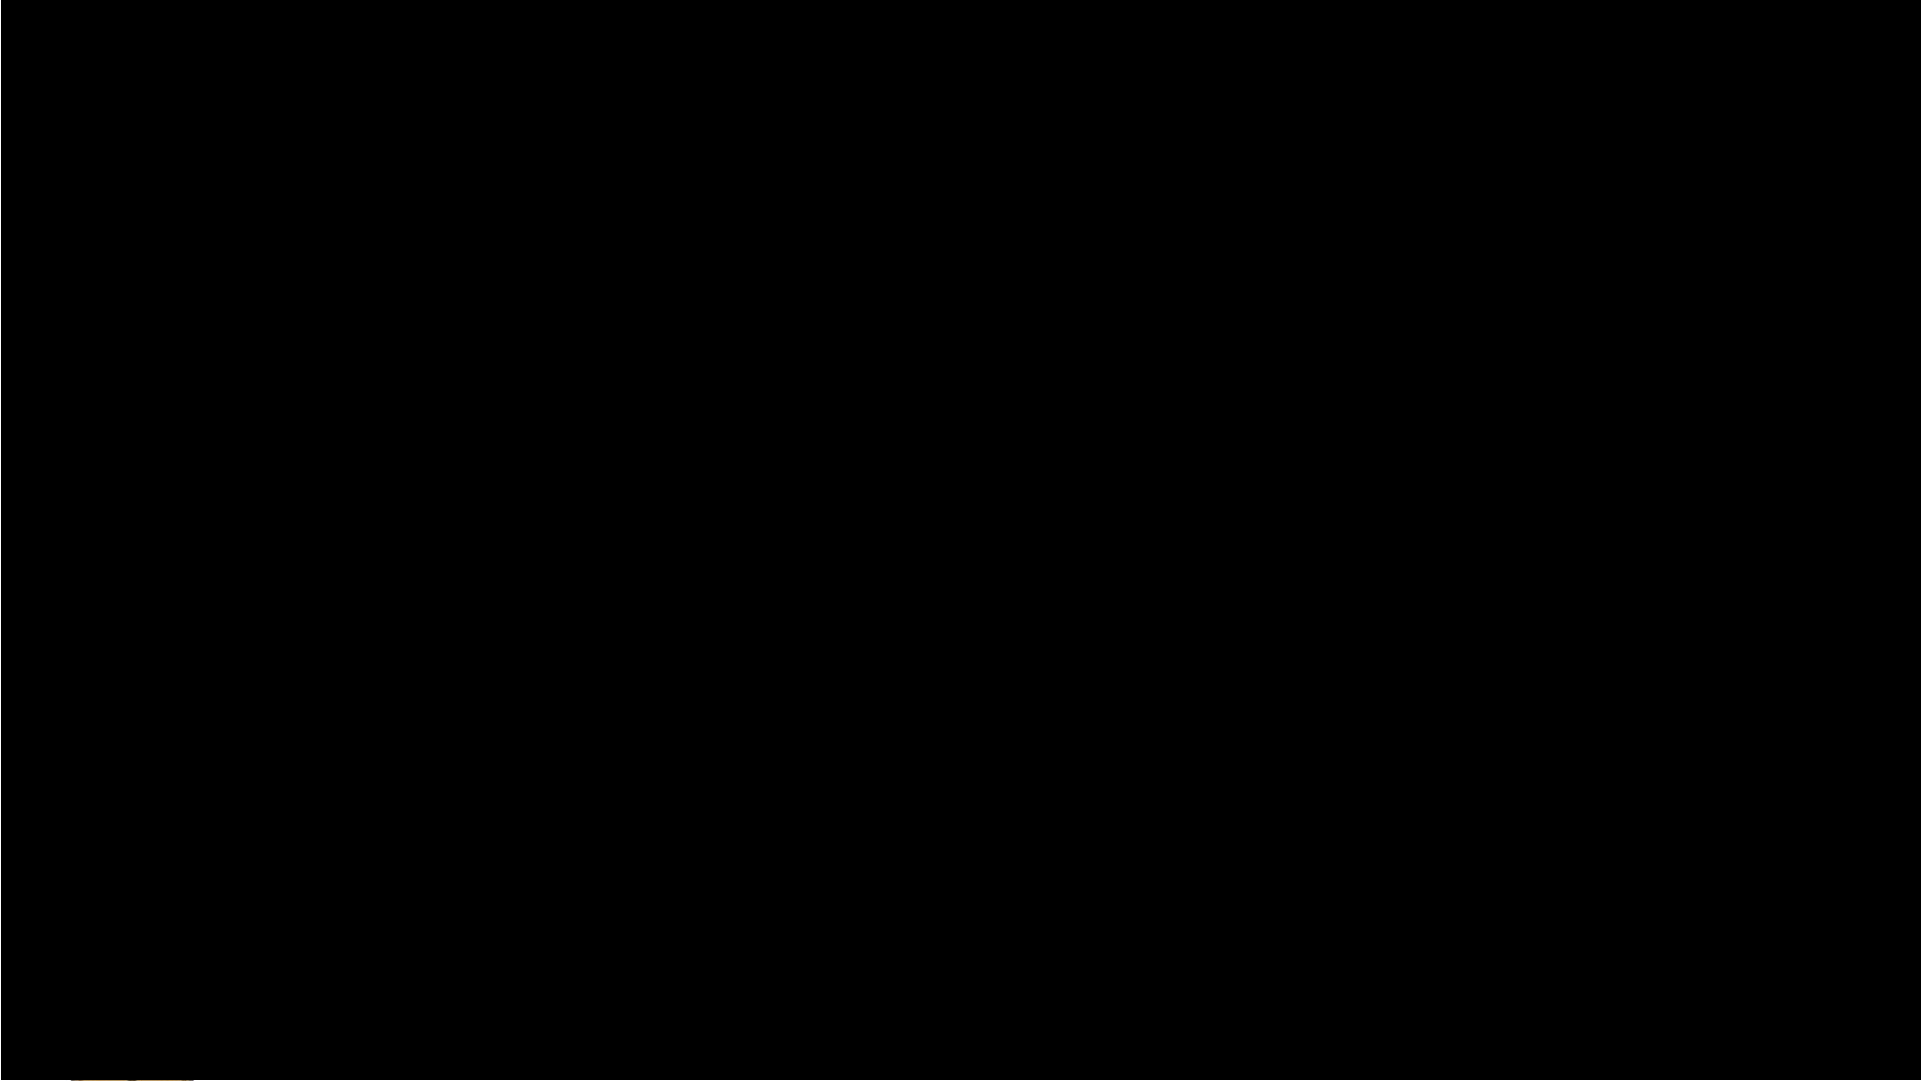

Welcome to the Future

# Grandma Needs a Tattoo

# Here Comes VR

# Current state of senior living in US

- Technology operationally focused
- Activity / therapy programming can be antiquated

Staff realities

Most programming inefficient

Satisfaction low / turnover high

Families / residents demanding engagement

# Be Prepared for

Voice First

Virtual Reality

Smart Hearing Aids (with fall detection)

Internet of Things

Smart Home

Artificial Intelligence

# Great resources available

CAST - <https://www.leadingage.org/center-aging-services-technologies>

Laurie Orlov - [www.ageinplacetech.com](http://www.ageinplacetech.com)

Steve Moran (Senior Housing Forum). [www.seniorhousingforum.net](http://www.seniorhousingforum.net)

# What we don't want to talk about

# It's not about in2L

Eversound

Joy for All

Connected Living

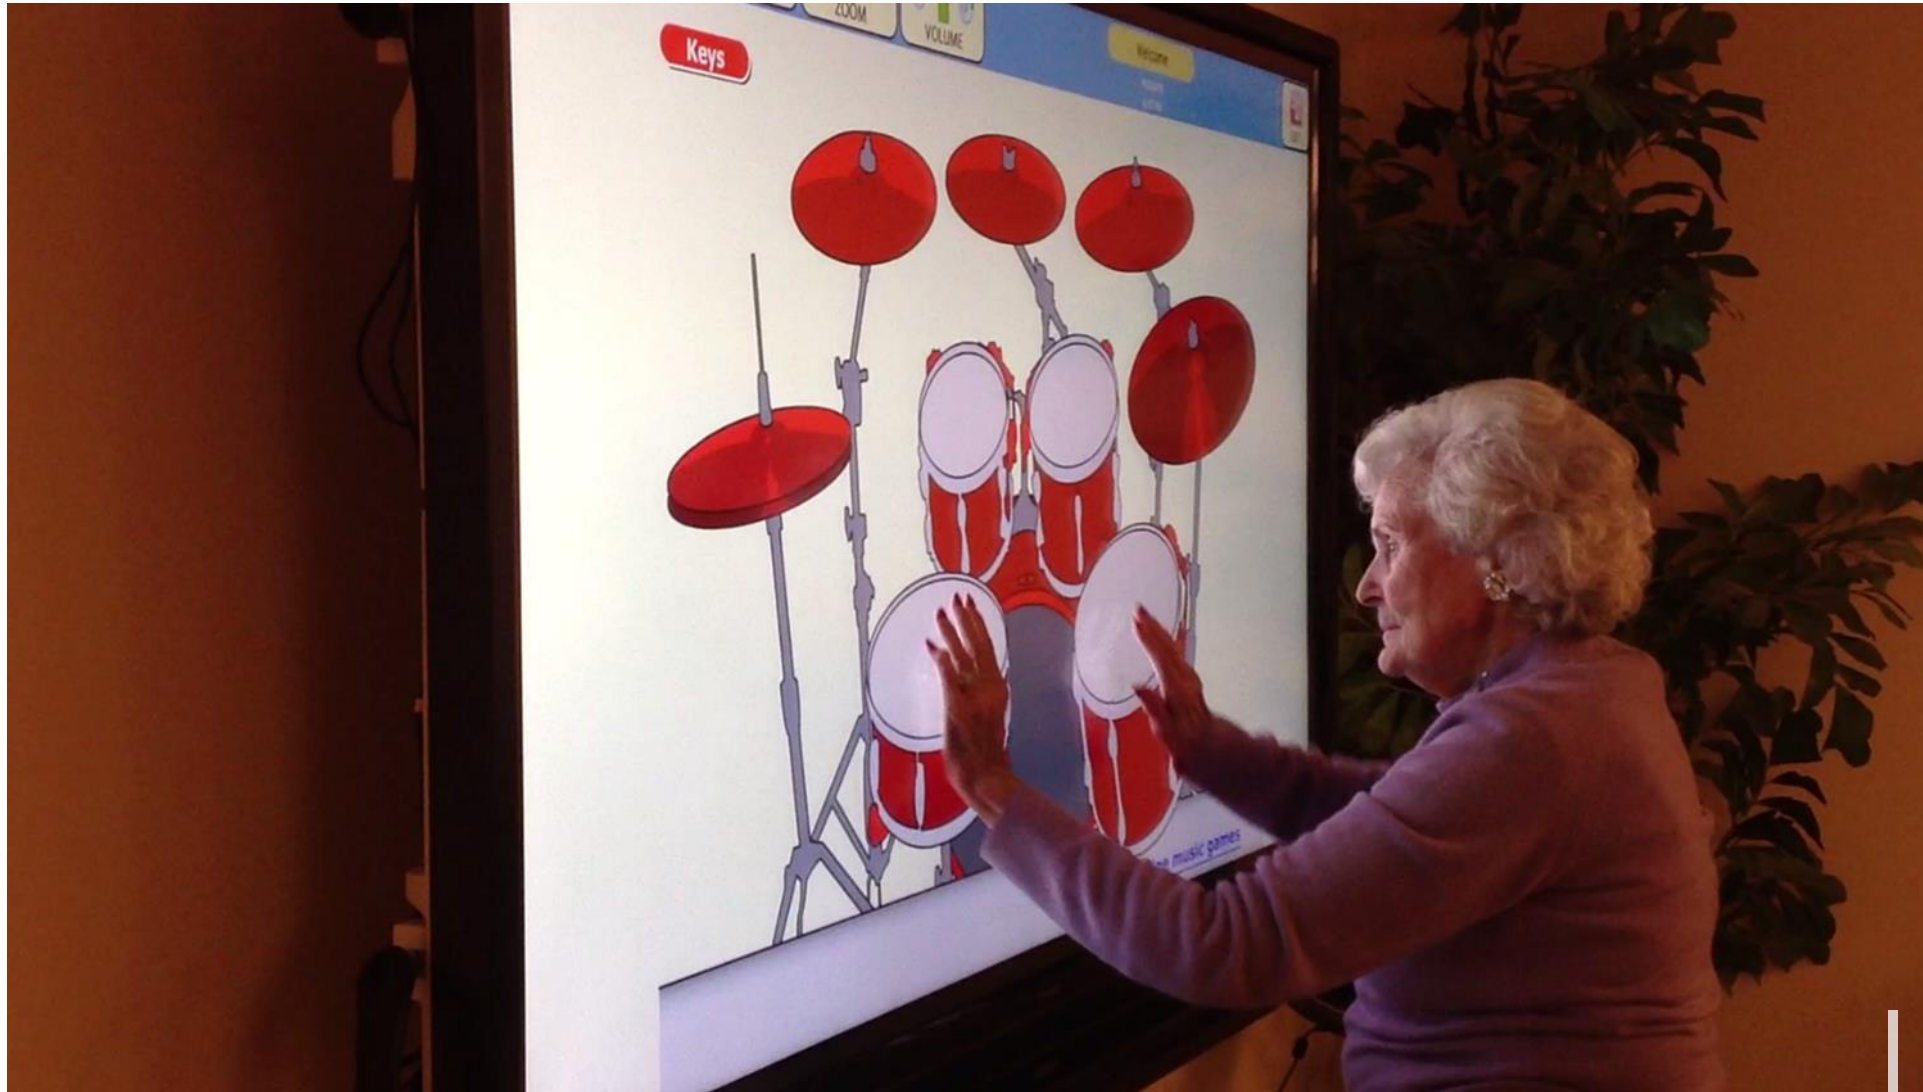

Music and Memories

Jintronix

Multiple Story apps

It has nothing to do with aging

We all want to stay relevant

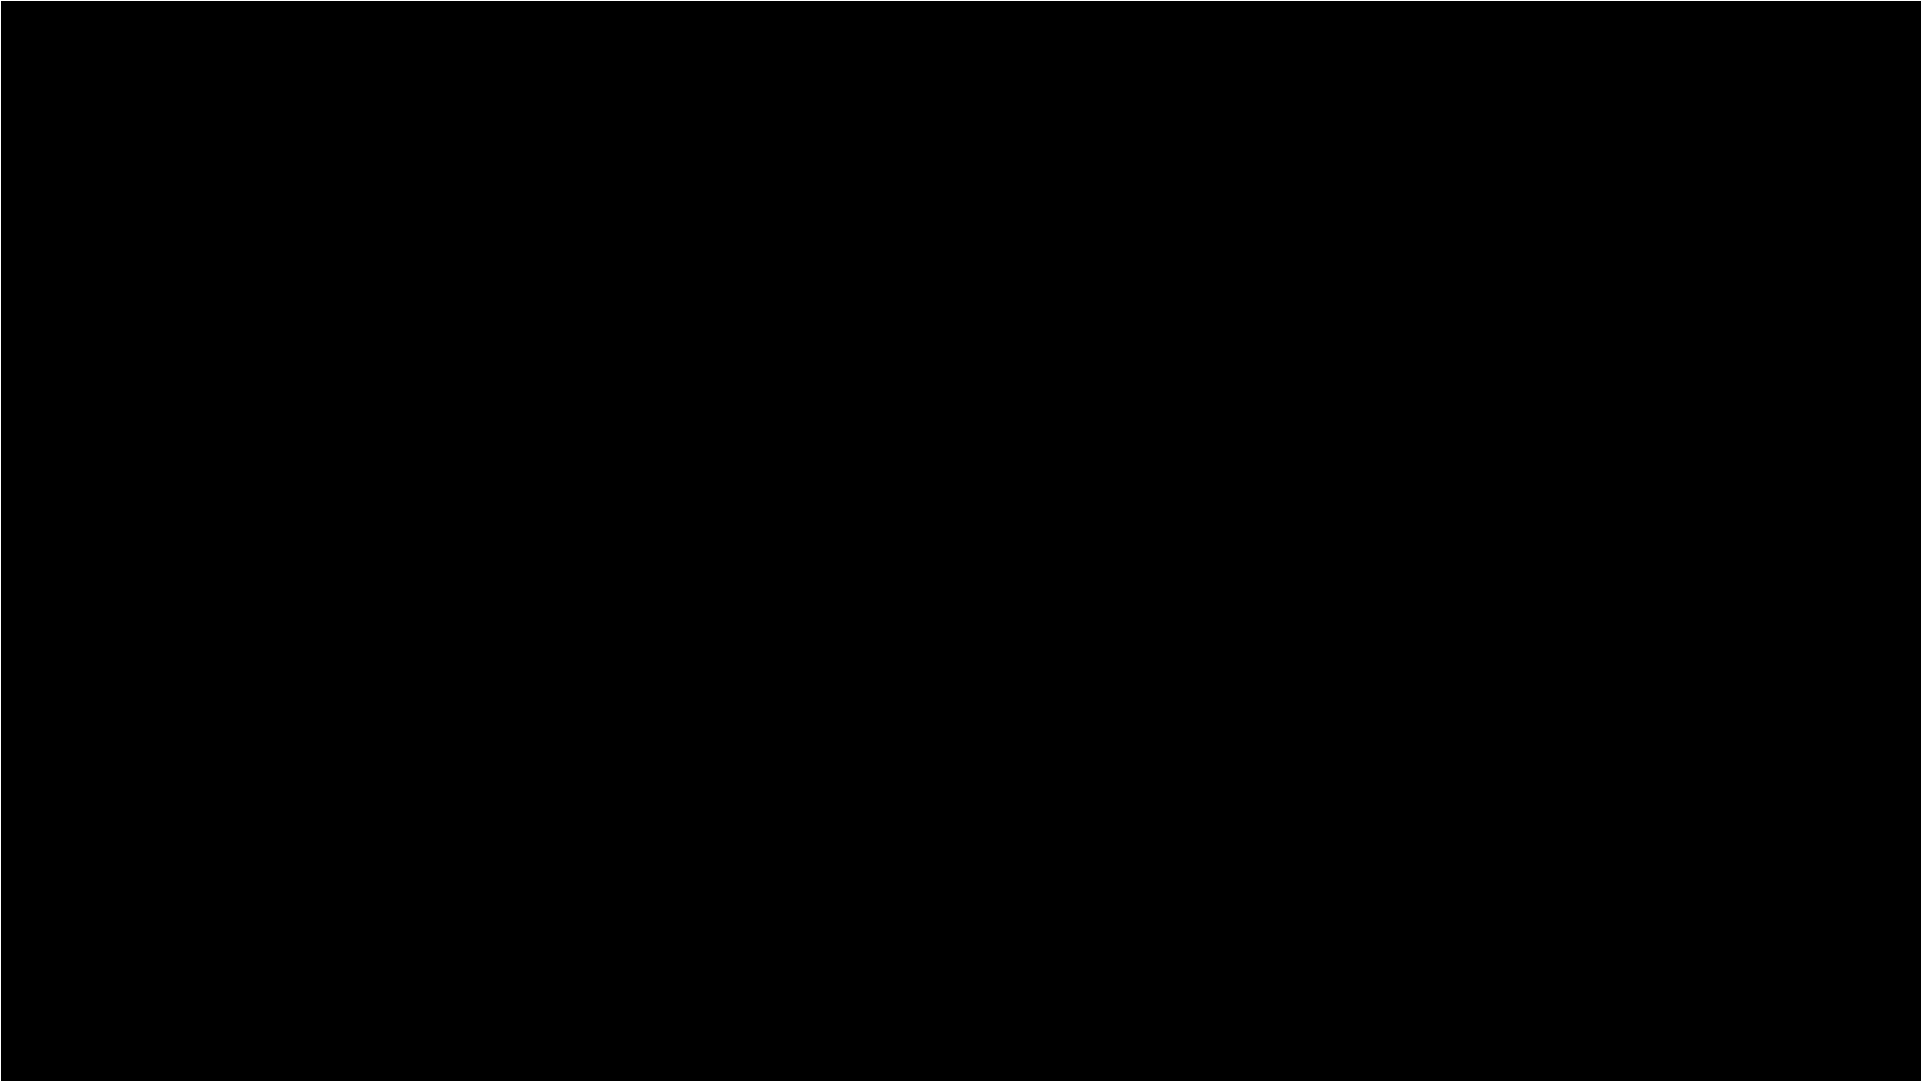

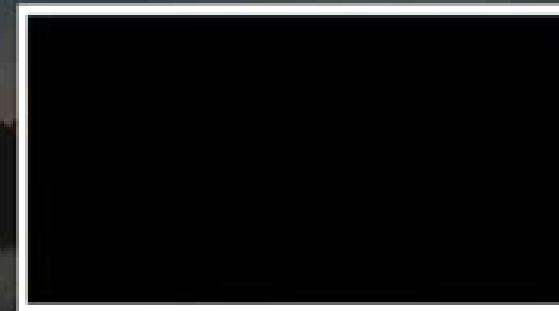

And still have fun

# There's a Lot left in the tank

Lets Meet Ron...

**Late Stage**

**Early Stage**

# Welcome Schlegel Villages

---
