## Thank You from BC Care Providers Association, EngAge BC & SafeCare BC

Fellow British Columbians:

Please join us in recognizing the tireless dedication and professionalism of continuing care workers across the province, and thanking them for providing exceptional care to our seniors during the COVID-19 pandemic.

We know that the novel coronavirus has disrupted the lives of our seniors, in part by limiting family members' ability to visit their loved ones. Though the loss of a life is one too many, we can hopefully take comfort in that B.C. has succeeded in keeping infection rates and fatalities to a minimum like few other jurisdictions have.

Throughout the pandemic, a "Team B.C." collaboration between seniors' care providers, the Ministry of Health, health authorities, and multiple stakeholders has helped to bend the curve on COVID-19. We thank Premier John Horgan, Hon. Adrian Dix, and Dr. Bonnie Henry for their leadership. We must also acknowledge the positive and nonpartisan efforts of government and Opposition MLAs during the public health emergency.

We also saw how businesses and individuals from the community come out in force to support SafeCare BC's Operation Protect by donating nearly 1 million pieces of PPE for front-line workers. This is B.C. at its very best.

We thank you for cheering on the heroic efforts of our seniors' care providers. Rest assured that our members are here for you and we will continue to be there for you — working together to strengthen seniors' care across the province.
