At Handicare, we offer solutions and support to increase the independence of people with disabilities and older adults, enabling them to live an active life on their terms. We offer an

handicare

Making everyday life easier

extensive line of products to solve mobility and accessibility challenges including ceiling lifts, slings, floor lifts, bathing products, and repositioning aids. Handicare has a ceiling lift install base of 300,000 systems worldwide with over 60,000 lifts in the USA and Canada and 20,000 in British Columbia. We make everyday life easier for caregivers by providing extensive training, support, and guidance when selecting patient handling and mobility equipment. Our products are designed to ensure safety and comfort, so patients receive the utmost in care.

We are specialists in creating more “time to care” in conjunction with lifting and moving requirements across the full spectrum of healthcare environments. Guldmann solutions are designed by professionals for professionals so that they last longer, and you can keep your service and repair costs to a minimum – both now and over the long term. From our award-winning ceiling lifts to our mobile lifters, slings, and repositioning aids, our solutions are designed to be as user-friendly as possible, and so they can be used in a wide variety of different ways, to give both staff and users the best help available. It’s time to upgrade your aging fleet of ceiling lifts with the GH3+ series designed to operate on your existing tracking system.

Ever-care Contract Furnishings is an agency dedicated to sourcing the best manufacturer’s to supply the specific requirements of the healthcare and institutional markets.

As the healthcare industry has evolved, our research has shown us that no single manufacturer can provide all the needs of our clientele. Therefore, we have sourced products that are specifically designed for the healthcare industry using a variety of

manufacturers. This allows us to offer the best product for the best price. We achieve this both through the quality and varied design selections available to meet our customer's needs.
