5 GUIDING PRINCIPLES

IPC, Safety & Quality Improvement | Impact | New Capacity | Integrity | Accountability

What is the program's purpose?

To assist with infection prevention and control, and improve safety and quality for seniors and those who care for them.

1. IPC, Safety & Quality Improvement

What does the funding need to show?

Urgent responses to requests for infection prevention and control, safety and quality improvement items with positive feedback.

2. Impact

Does the funding create net new capacity?

Approvals are for new procurement whereby no other warranties, programs, grants, rebates, or funding sources exist.

3. New Capacity

How is integrity sustained?

Program criteria, eligibility, and funding allocations are transparent and free from conflicts of interest.

4. Integrity

How is accountability maintained?

Application approvals, documentation and funding reimbursements are provided in a timely manner.

5. Accountability
