

NATALIE SELLER

PLAN A KAMLOOPS OWNER

I am the owner/operator of Plan A Kamloops. We are a staffing company that employs healthcare workers to assist long-term and acute care when short-staffed.

I brought Plan A to BC in 2019, starting in Kamloops and quickly expanding to the rest of the province. I have worked diligently with my partners to develop a staffing solution to help them run the care homes. We worked side by side during the pandemic and continue working together to develop solutions for everyone involved, most importantly, the residents needing care.

What skill and or experience will you bring to the committee?

I would bring business knowledge to the conference from the side of the agencies.

Staffing agencies have grown in abundance during the pandemic, and many have sadly come in and taken advantage of the current system. I want to change that and work with my partners and the sector in finding ways to regulate the agencies out there to a point that we are looked at as partners and not as taking advantage of others. My business and I have grown alongside our partners in the last five years, and I look forward to making a change in the sector for years to come.

How many BCCPA Conferences have you attended?
