**Delivery and MDEL Information**

Our company is able to deliver and service proposed products within the following geographic boundaries: <i>we cover the entire region of the Interior Health</i>
Our company has a valid MDEL. Our licence number is: <i>6610</i>

It has come to our attention that the Ministry of Health Cheat Sheet for a basic wheelchair does not include a cushion. We expect that every basic wheelchair provided under this policy will require at least a 2" thick foam cushion with a fluid resistant cover. Please be sure to add details and pricing for the supply of a basic wheelchair cushion with each of the wheelchair options you propose in your bid. Your cushions might best be listed separately since some care homes may ask you to provide a specific type of cushion when placing orders.
